What the participants liked about your event

Some feedback supplied by the participants in response to the question "Any other feedback or suggestions"

Great race, especially the marshal support was fantastic all along the route. Very tough route in the wind but as a marathon training run I wasn't looking for a pb course

Another fantastic event. , Thank you so much to everyone involved. , It's always one of my favourites and this year didn't disappoint!

Personally I'd rather a T-shirt or a long sleeve top than a vest as it's not that warm through out the year. Apart form 2 months

A well organised, friendly event. Nice touch with the vest (rather than a t-shirt). I'd have preferred a medal than a belt/towel but still a nice touch.

Best organised race I have done for years. The marshals and their support was fantastic

I think for the price a medal aswell as, T-shirt would be fair especially as it is not a closed road course so cost is quite high considering.

Love this race., Done it for many years., , I like being competitive in my age group., Sadly the age groups stopped for women at 60.....I am 66...Doesn't give an incentive to compete.

Having run the course3 times, and only a suggestion.. what about reversing the course?

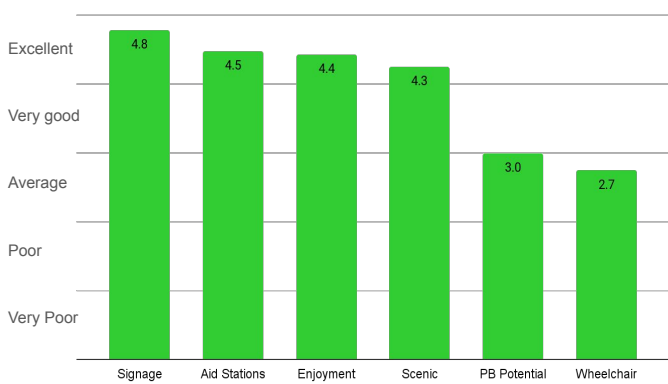

Really nice event, great course and well organised (was dreading the parking/ride in situation but it was faultless)

Please refer to accompanying document entitled "All Feedback" for the comprehensive feedback.

The Course

The Course (Your event's rating)

The qualities your participants most look for in a course

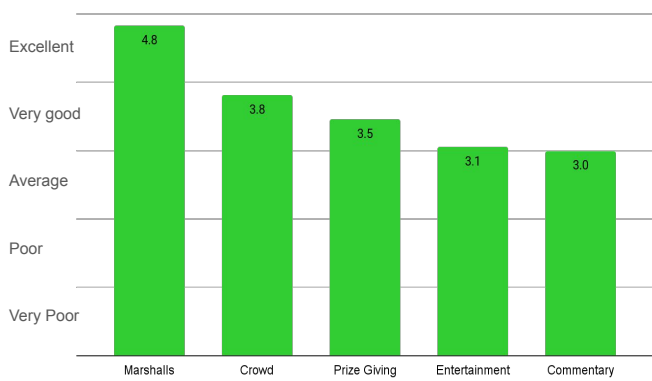

Participant preferences for course selection: Percentage choosing each key quality.

The Atmosphere

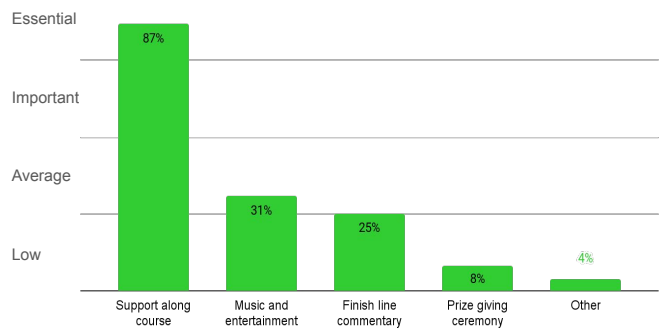

The Atmosphere (Your event's rating)

What your participants feel, most add to an event's atmosphere

Participant preferences for event atmosphere: Percentage choosing each key element.

The Event Village

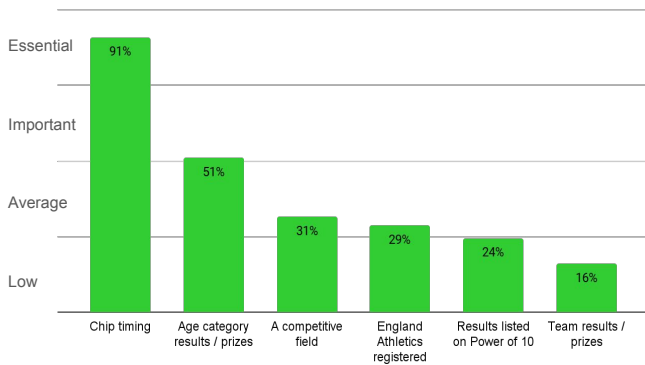

The Event village and facilities (Your event's rating)

The Competitor

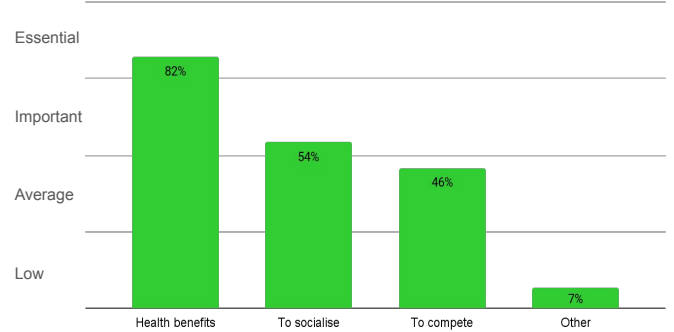

The competitive elements that are important to your participants

Participant competitive preferences : Percentage choosing each key element.

The main reasons your participants run

Participants reasons for running: Percentage choosing each reason.

The Mementos

The Event village and facilities (Your event's rating)

Percentage of participants stating they received the memento from your event.

Percentage of participants stating their preferred memento type.

How many events your participants enter per year

How long your participants have you been running

How your participants consider their ability
